FEIMAI Bathroom Accessories

Design with Freedom Finish with ART

UNIQUE DESIGN

FEIMAI have been closely following international quality standard, design trends and product innovations. We provide a tailor-made manufacturing service (ODM/OEM) from design concept through to cost effective production. The design team is search of the most inspiration trends to influence aesthetics, materials and finishes. Then, reimagines their findings to create artful and timeless full suite solutions that push the boundaries of design, whether modern, traditional or transitional. A profound consideration for the whole space results in seamless pairings with other products.

COLOR FINISH

FEIMAI understand that sometimes you can love a product, but it falls short because it doesn't have the right finish you're looking for. This is why we offer a wide range of high quality alternative finishes to meet your requirement. From Polished Brass to Gunmetal, from Brushed Nickel to Brushed Bronze, created in complex layers to allow the color to penetrate the metal, each finish is crafted to elevate the feel of a space with a touchable warmth and dramatic aesthetic. The composition of the finish is as purposeful as it is beautiful. New coming finishes is designed to naturally patina over time, imparting a soft, weathered appearance, whereas powder-coated and PVD finishes like Matte Black and Brushed Brass provide a smooth durability that withstands the rigors of daily use.

ARTFUL EXPRESSION

To live artfully -- to be present in every moment and appreciate the beauty all around -- FEIMAI has make its products around this very idea, and it remains the main principle that stands behind each design. Like an acclaimed painting or sculpture that intrigues, each piece tells a story of imagination and craftsmanship. A singular elegance animates the inspired designs of FEIMAI. Precise functionality, purity of form, selection of materials, and superb finish all play a role. Materials are a considered choice, and at FEIMAI they must be of the highest quality. The products and collections within this book should be viewed no differently than a piece of fine art, considered and appreciated for its compelling details and exquisite craft.

FINISH

Offered in a range of artful-inspired hues, FEIMAI's portfolio of finishes instantly transforms bathroom accessories into stunning, one-of-a-kind showpieces. Created in complex layers to allow the color to penetrate the metal, each finish is crafted to elevate the feel of a space with a touchable quality and dramatic aesthetic. From powder-coated to physical vapor deposition (PVD) and beyond, FEIMAI will bring each and every finish into your beautiful bathroom.

NEW ELEMENTS FABRIC METAL

FEIMAI brings the new elements that are generally hidden in the spotlight, enhancing the details and making them haute couture objects, such as jewellery or tailored clothes, to be worn in the wellness area. New elements bringing the functional components to a higher aesthetic level, that give beauty, pleasure and well-being in every detail, in a complete set dressed.

IMAGINE THE MAGNIFICENT

The future belongs to those who believe in the beauty of their dreams. The uncertainty of recent times has filled us with angst, making it even more important to create positive models through a new approach to the poetry of living, a new path to beauty and a freeing of the imagination to dream of the future. Positive emotions become sources of wellness, a wellspring of rebirth.

it not only embodies concise and
lovely modern bathroom space,
but also keeps the luxury and
decency of the traditional culture,
and the elegant and beautiful style
atmosphere
can create simple and unadorned
nature and kindness.

PAPER HOLDER

FIND ELEGANCE BEYOND TIME

Grandeur and elegance in the bathroom. Paper holder is always in style and functional, regardless of whatever short-lived trends come and go. It does not require a context for its aesthetic grandeur. The thing alone defines its grandeur, let everything flow together - from the bathroom to daily life and back again.

BRASS FRAMED MIRROR

The strong design that underpins the brass framed mirror range is the continuous brass running through the bathroom area. The sharp brass design creates a sense of bathroom unity and emphasises the clear elegance of modern bathrooms, enabling their functional aspects to take on a whole new perspective.

IN-WALL NICHE

EXPRESSION OF PERSONALITY AND ATTITUDE

Harmonious proportions, colours, materials and finishes break the austerity of conventional niches. This results in striking accents that surprise and stimulate, which subtly contrast or gently harmonise with each other.

FREEDOM IS HAVING A VARIETY OF POSSIBILITIES

Deep, linear and minimalist – that is the new concept of in-wall niche collection. The sleek design, so full of lightness, comes to the fore thanks to its restraint – for your own personal vision of modern bathroom design. Its formal reduction creates calmness and accentuates the geometry of the room. This design relies on understatement that is beyond time and fashion trends – the bathroom concept for minimalist aesthetics.

MODULE SHELF

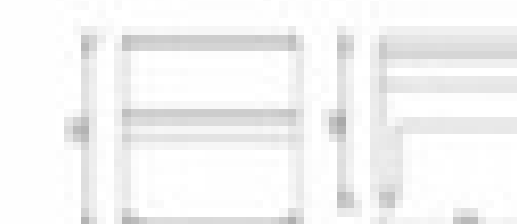

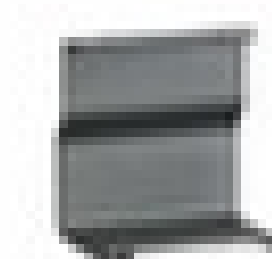

DESIGN – FUNCTION AND FORM.

To create a stylistically modest interior that steers clear of pretension, select natural without materials, modern Curvmetal finish, and simple linear design gives the freedom of "unlimited" use of space.

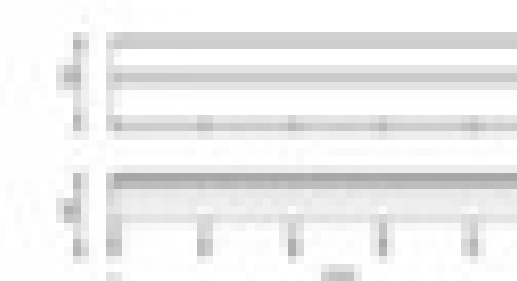

Fully customizable modular system like a multifunctional shelf creates a relaxed and comfortable atmosphere, keeps the space high-quality attitude, and interprets the space as a breathing art.

NATURAL SUSTAINABILITY

IN PRAISE OF BRASS

Our products designs come from a deep love of brass - our most favorite material. It is organic. When manufactured responsibly, it's a material that takes skill to master and is ever-changing. It is cold to the touch but has life and temperament. It will oxidize during its use depending on its surroundings. And it only grows more beautiful as time passes. Therefore, each piece of product will always have its very own process to manufacture. Not only does this frame of mind support our vision of sustainability, it also honors the idiosyncrasies of natural materials.

RECYCLABILITY COMMITMENT

As an Environmentally Conscious Company, FEIMAI is dedicated to ensuring sustainable and environmentally positive business practices based on the vision of creating a value-driven design brand that explores materials and preserves our earth through an exceptional design philosophy.

By consistently developing processes that expand product life cycles and by providing an increasing number of EcoSmart products, FEIMAI remains committed to increasing the consciousness of the their guests to the importance of an ecological global commitment. Where appropriate and whenever possible recyclable materials are used.

Taking responsibility for our future TODAY!
